Title: The optimal investment strategy for Goodgrants foundation based on analytic hierarchy process

Abstract

1. Introduction

1.1 Background

1.2 Problem description

1.3 Demand analysis

2. General assumptions

3. Data clean

3.1 Linear regression

4. AHP model

5. ROI

6. Investment strategy

7. Other critical factors

8. Analysis of the results

9. Conclusion

10. Reference

11. Appendices
